

We are trying out Seesaw with your class this term.

Seesaw is a way for you to see what your child is learning.

Your child will add work to Seesaw to share their learning with you.

When there are new posts or messages, you'll be notified and can see what's new.

Seesaw is private. You'll only see the posts created by your child.

1. Download "Seesaw Family" from the app store.
2. Tap create family account" and scan the QR code on this handout. Make Sure it has your child's name at the top.
3. Create your account to see your child's journal. Make sure to allow notifications to get real-time updates about new posts.

**In June we will ask you what you think of SeeSaw.
If you like it we will use Seesaw instead of paper
portfolios.
You will still get a written report.**
